

HDL-020C3W

FEATURES

- Multifunctional and efficient combination head lamp , including high beam . low beam . day running lamp . front position function.
- The lens has UV coating, more durable and not easy to yellow.
- The inner lens adopts optical glass and surface micron-level structure processing, optical is more perfect.
- Built-in temperature control circuit, heat-resistant and reliable, improve product lifetime.
- Different optical design to fit Left hand traffic , Right hand traffic and DOT version.

Function	Power	Raw Luminous	Voltage	Material	Mounting	Connection	Sealing	Temperature
High Beam	1*30W	2130 Lm	DC 10-30V	Lens:PC Housing: ADC12	Bolt	300mm Cable	O-Ring Sealing	-40°C to +65°C
Low Beam								
Day Running lamp	5 W	550 Lm						
Front Position	1 W	80 Lm						

Working Lamp / Head Lamp
