

QDP-008 7" Driving Light

FEATURES

- Multifunction of high powerful lights integrated on one lamp(driving beam,day running&position,direction indicator)
- Thermal control circuit design improve the heat-resistant performance
- Outer lens UV coating treatment makes the appearance more reliable
- 120W driving beam provide a super lumen output

Function	Power	Raw Lumen	Voltage	Material	Mounting	Connection	Sealing	Temperature
Driving Beam	24 Pcs * 5W	12000LM	12/24V	Lens: PC+UV Housing: ADC 12	Bracket	500mm Cable	Potting	-40°C to +65°C
Direction Indication	10 Pcs * 0.5W							
Day Running Light	10 Pcs * 0.5W							
Front Position Light								

Project phase : Concept Development Pre-production
